Re: Connect America Fund, WC Docket No. 10-90

Dear Ms. Dortch,

Wabash Telephone Cooperative, Inc (“Wabash” or the “Company”), Study Area Code 341088, hereby notifies the Federal Communications Commission (“FCC” or “Commission”) and the Wireline Competition Bureau (“WCB” or “Bureau”) of changes that the Company made to its previous two FCC Form 477s on 3/1/2016. The changes described herein contribute to a significant and vital amount of funding that appeared as a “loss” in the Alternative Connect America Model (“A-CAM”) Version 4.2 illustrative results.

Wabash Telephone Cooperative’s previously-filed FCC Form 477s containing data as of December 31, 2014 and June 30, 2015 had incorrectly identified 17 census blocks that are actually providing broadband internet services that were not reported. The mislabeled blocks were an inadvertent error that came to light when Wabash Telephone Cooperative, Inc began reviewing the A-CAM Version 4.2 illustrative results in depth.

Wabash Telephone Cooperative, Inc immediately took action and submitted revised forms on 3/1/2016. However, the Company remains concerned that these changes will not be incorporated into the forthcoming versions of the A-CAM. Wabash Telephone Cooperative, Inc respectfully requests that the FCC allow these corrections to be included in the A-CAM as soon as possible to reflect accurately these facts. Without these corrections, future versions of the A-CAM will not reflect the facts pertaining to the Census Blocks served by Wabash Telephone Cooperative, Inc with the correct broadband technology. Without these corrections, the Commission’s universal service policy for the Wabash Telephone Cooperative, Inc study area will be frustrated as the amount of support available will not be sufficient to advance broadband technology in the area.

Sincerely,

A handwritten signature in blue ink, appearing to read "Barry Adair", with a long horizontal flourish extending to the right.

Barry Adair
